**Company name:** Bramcke Hungary Kft.  
**Company address:** Kishatár utca 17., 4031 Debrecen

Date of issue: 2025-01-15

Page: 1/3

**SPECIFICATIONS**

EAN code: 5999562286746  
 Warranty: 3year(s)  
 Socket: GU10  
 Working temperature: -20 - +40 °C  
 Packaging: 1/b 100/c 7200/p  
 Certifications: CE

**TECHNICAL DETAILS**

Wattage: 4W  
 Voltage: 220-240V  
 Beam angle: 100°  
 Dimmability: No  
 Lumen output: 345lm  
 Color temperature: 4 000K  
 Lifetime: 15 000h  
 Energy class: F  
 CRI: 80  
 IP standard: IP20

### PRODUCT DESCRIPTION

Avide LED lights are high performance LEDs that can be used to replace traditional lightbulbs. They are the perfect option for replacing lighting solutions in households. They are available in various forms, including globes of various sizes, mini globe, stick, candle, spot, reflective, and capsule forms. All types of our bulbs are available in various color temperatures and different types of bases. Due to their low power consumption and long service life, they result in significant savings. They do not flash, sparing they eyes this way. Switching them on and off does not shorten their service life.

LED lights do not emit light by heating up a metal filament but by means of electrons, thus they have a minimal heat loss. You can save up to 80% energy compared to traditional light bulbs when using LED technology. LED lights produce minimal heat, thus they can also be used at places where heating might represent a hazard.

Some of the types are also available in a dimmable version as well as in a twin pack economical packaging form. Learn more about our full product range on the following link.
